From the Spice Islands to the World

Kembang Rempah was founded on a simple belief: Indonesia's spices deserve to be shared with the world in their purest form.

For more than a thousand years, the Indonesian archipelago has been the heart of the global spice trade. The legendary Maluku "Spice Islands" were the world's only source of cloves and nutmeg, and they remain the benchmark for premium quality today. From the volcanic soils of Java to the coasts of Sumatra, every spice in this catalogue carries centuries of tradition, culture, and craftsmanship.

We work directly with traditional farmers who have inherited their knowledge through generations. Each batch is harvested at perfect maturity and processed with reverence for its natural properties — sun-dried, hand-sorted, and never rushed.

Our promise — Pure · Honest · Uncompromised.

Traditional farms across the Indonesian archipelago

Pure

Free from additives, preservatives, and artificial enhancements.

Honest

Transparent sourcing and direct, fair relationships with farmers.

Uncompromised

The highest standards from harvest to your kitchen.

Ordering, Terms & Certifications

Prices are available upon request

Contact us for a current quotation, samples, and minimum order quantities (MOQ). Every order is tailored to your market and volume.

Incoterm — FOB (Free On Board)

All quotations are provided **FOB** the named Indonesian port — typically **Tanjung Priok (Jakarta)** or **Tanjung Perak (Surabaya)**. FOB is an Incoterms® 2020 rule: Kembang Rempah covers all origin costs and risk — export packaging, documentation, port handling, and loading the goods on board the vessel. Risk transfers to the buyer once the goods are on board; the buyer then arranges and pays ocean freight, insurance, and import clearance. CIF / CFR terms are available on request.
